CONFIGURABLE PRODUCTS ORDER GRID

best4mage
we make your webshop work for you!
INSTALLATION OF THE EXTENSION

Please make sure you've downloaded extension package compliant with your Magento version. The compliance information is stated in the package filename. Once you've downloaded and unzipped the archive, please proceed with the following steps:

1. **Upload Files to your Magento 2 Installation**

Upload the contents of the module package to the Magento root folder. This will not overwrite the existing Magento folders or files, only the new contents will be added.

In this case upload the folder(s)

/app

to the root of your Magento Installation.

2. **Installation of the extension**

Open command line in folder root of Magento 2 and run commands via ssh using putty or others

php bin/magento setup:upgrade

After this has been done please go into your Magento 2 Backend and refresh all caches.

After this when you go to Stores->Configuration. There you should see the TAB Best4Mage Extensions and your newly installed Best4Mage FCPM extension.

UNINSTALLATION OF THE EXTENSION

Open command line in folder root of Magento 2 and run commands via ssh using putty or others

module:uninstall -r Best4Mage_FCPM

GLOBAL CONFIGURATION SETTINGS

 Login to your Magento Admin Panel and go to Stores->Configuration->Best4Mage Extensions->Best4Mage FCPM

1. Activating the Extension

General Settings

Enable [store view]: Yes

Use Product Level Settings [store view]: Yes

1. Enable Yes/No: Here you can enable or disable the extension globally.

2. Use Product Level Settings

IMPORTANT! If you set Use product level settings to "YES". You must activate FCPM and do the settings for each product individually. You can find the settings in a TAB of your configurable .

2. Layout Settings

Layout Settings   ⌃

Choose Matrix Look
[store view]

Choose Matrix Position
[store view]

Extra Columns to display in matrix
[store view]

No Selection
Name
SKU
Weight

This setting is to show extra columns in Descriptive look of matrix.

Show Second Attribute in Matrix | No
[store view]

Display Tabs | Both
[store view]

Default Tab | Order Multiple
[store view]

1. Choose Matrix Look

Here you can set the Matrix Template. There are basically 3 options here.
1. Compact Matrix Look.
2. List Look (all products below each other).
3. Matrix Grid Design Look (with zebra effect).

The first one (Compact Look) shows a real matrix with columns and rows.

The second one shows a product list (suitable for products with 1 attribute or if you want to show all products below each other)

The 3rd one is a compact look with more formatting, borders, background colors etc. See images below for na example.

FCPM 2 Demo - Quantity Boxes in Matrix

Be the first to review this product

IN STOCK
SKU#: WH11

FCPM 2 Demo - List View Layout

Be the first to review this product

IN STOCK
SKU#: WH08

FCPM 2 Demo - Quantity Boxes and Price in Matrix

Be the first to review this product

$25.00 - $45.00

IN STOCK
SKU#: WH12

2. Choose Matrix Position

Here you can select where the matrix should appear. These settings depend on the template that is used. Just choose one and see if it suits your need.

3. Extra Columns to display in matrix

This setting is to show extra columns in Descriptive look of matrix. **This setting has no effect on Compact Look Matrix.**

4. Display TABS

3 options can be found here:

- Both: This shows Order 1 (Magento Default) and Multiple which is the matrix look.
- Order One: Only Magento Default
- Order Multiple: Only the Matrix

4. Default TAB

Here you can set the default TAB that should be loaded. Only visible when Both is selected in the Display Tabs setting.

3. Layout Settings

Matrix Settings   ⌃

Show Only Checkbox [store view]	No	▼
Show Product Price [store view]	Yes	▼
Selector for Main Price wrapper [store view]	.price-box	

When customers are viewing Matrix then they don't need to see the main product price. So we need to hide it. Enter CSS .class or #id to select you main price wrapper here. By default it is '.price-box' as per Luma theme.

Selector for Main Qty wrapper [store view]	.field.qty	

When customers are viewing Matrix then they don't need to see the main qty box. So we need to hide it. Enter CSS .class or #id to select you button wrapper here. By default it is '.field.qty' as per Luma theme.

Show Row Total [store view]	Yes	▼
Show Grand Total [store view]	Yes	▼
Hide Total Column [store view]	No	▼
Show Stock [store view]	Yes	▼
Show Product Image [store view]	No	▼
Show Qty Plus Minus Buttons [store view]	Yes	▼
Show Reset All Button [store view]	Yes	▼
Show Global Qty Box [store view]	Yes	▼
Show Price Range [store view]	Yes	▼
Enable Sticky Add to Cart [store view]	No	▼

If your your matrix has too many products and don't want your customers to scroll in search of Add to Cart button, Make it sticky! It'll show up at bottom of screen.

1. **Show Only Checkbox**
   Here you can set the Matrix in the Quick Order Mode. Only a checkbox per product is visible.

2. **Show Product Price**
   Here you can set the to show the Product Price beneath the qty box. It show the individual price of the simple product.

3. **Selector for main price wrapper**
   When customers are viewing Matrix then they don't need to see the main product price. So we need to hide it. Enter CSS .class or #id to select you main price wrapper here. By default it is '.price-box' as per Luma theme.

4. **Show Row Total**
   Here you can set the to show the Product Price Total per row.

5. **Show Grand Total**
   Activate to show the Grand Total. This option show a row of total qty and price below the matrix.

6. **Hide Total Column**
   Here you hide the total column on the right to achieve an extra compact look of the matrix.

7. **Show Stock**
   Here you can display the stock of each individual simple product in the matrix.

8. **Show Product Image**
   Option to show the product image of the simple product in the matrix in the left column instead of the swatches.

9. **Show Qty Plus Minus Buttons**
   Hide or show the qty adjustment buttons in the matrix.

10. **Show Reset All Button**
    Empty all input fields in one click

11. **Show Global Qty Box**
    With this option customers can fill all input fields with 1 default value.

12. **Show Price Range**
    Price range from low to high is shown above matrix

13. **Enable Sticky Add to Cart**
    If your your matrix has too many products and don't want your customers to scroll in search of Add to Cart button, Make it sticky! It'll show up at bottom of screen.

4. Price Colors Settings

Price Colors Settings

Apply Price Colors [store view]	Yes

Price Colors based on available Qty [store view]	Qty	Condition	Color	Action
	50	>=		

Add

With this feature you can set different colors depending on the stock level for the prices.

5. Category Settings

Category Settings

| Enable [store view] | Yes |
| Do you want individual Add to Cart? [store view] | Yes |

With this unique option you can set the FCPM Extension to show order grid on the Category Page with the option to show only 1 Add To Cart at bottom of page or an Add to Cart Button for every product.

6. Customer Settings

Customer Settings

Choose Customer Group
[store view]

NOT LOGGED IN

General

Wholesale

Retailer

With this option you can set the customer group(s) where you would like the matrix to show up. Ideal when you want the matrix to only show for instance your wholesale customer group.

7. Matrix Design Settings

Matrix Design Settings

Tabs Background Color
[store view]

Active Tab Background Color
[store view]

Tabs Border Color
[store view]

Active Tab Border Color
[store view]

Tabs Foreground Color
[store view]

Active Tabs Foreground Color
[store view]

Here you can adjust the looks of the matrix to make it perfectly blend in with the template you use.

IF YOU HAVE ACTIVATED PRODUCT LEVEL SETTINGS DON'T FORGET TO DO THE SETTINGS AT PRODUCT LEVEL

Actually the above is all you need to know. By setting it up like mentioned above the extension works.

If you have any questions regarding installation or use of the extension please submit a support ticket at our support website support.best4mage.com we will reply a.s.a.p.
